GROWING POPULATION

Census Bureau recently released the U. S. population now over 160,000,000. This represents an amazing increase since the last census was completed. The total population was about 125,000,000 less than it is today. A present trend continues, it seems quite likely, that the United States will be a country of 200,000,000 people by 1970, will be a of well over 200,000,000.

Importance of this growth, compared to the population in the world, is highly important. Only three countries in the world have a population in excess of the U. S. population — China, India, and the U. S. S. R. China has a population of 450,000,000, India with an estimated 350,000,000, and the U. S. S. R. population of 200,000,000. The U. S. population is at a faster rate than the population in the near future. The rates will contain as many as 250,000,000. This is the armed services of the U. S. as Soviet military leadership, and wipe out the numerical superiority, obvious that if the United States maintain its industrial production, while increasing its population faster than any other country in the world, it will only improved compared to the land of the original colonies.

STRENGTH FOR THE DAY

By EARL L. DOUGLASS, D. D.

FASCINATION OF ERROR

It is hard for those of us who hate communism to realize that some people love it so dearly that they are willing to die for it. In the midst of a world which believes to be disintegrating they see communism as a great program for unifying men and making their efforts productive. Standing on the outside and viewing the movement objectively, we can see that at best communism is mistaken and at worst it is a conspiracy against everything that dignifies the soul of man and makes human life significant.

It seems to us utterly insane that anyone could see in the violence, cruelty and false economic schemes of communism any hope for the betterment of mankind. Yet, there are people who are so sure that modern civilization is foredoomed that they grasp the drastic program offered by communism and do so with the actual conviction that it will bring peace and order out of a world made weary with war anxiety and chaos. To say this is not to intimate that communist leaders are simply mistaken men. They are almost without exception cruel, corrupt, cynical and utterly dishonest. The horrible thing about communism is that it has fascinated millions of people who might — if they only believed the Truth — be serving their fellow men effectively.

Town Team Will Play West Newbury

The Amesbury Town Team will meet West Newbury, runners-up in the Intertown League at Amesbury Park tomorrow night. The contest is slated to get underway at 8:15 o'clock. The West Newbury team comes to Amesbury with the hope of gaining a victory. It is possible that Cox, the Newburyport High school hurler, who has been working with West Newbury, will face Neil Moran, the Amesbury high school hurler, who has been pitching in spectacular fashion for the local town team.

Deadline For Entries Is Tomorrow Night

Local tennis enthusiasts who are planning to enter the Tennis Tournament, sponsored by the Community YMCA are reminded that they must file entry blanks at Sausch's Atlantic Station on Elm Street, not later than seven o'clock tomorrow night. It has been decided to charge a small entry fee of 50 cents which will be used to purchase small trophies for the winners in both the singles and doubles tournaments. This entry fee will be payable at the tennis courts at Amesbury Park, previous to the opening of the tournament.

Considerable interest is being shown by the tennis players of the community in the forthcoming tournament, and it is expected that there will be a large field of entries.

Some people fear life and death and others fear neither. Why?

DEATHS

Dr. Charles Stevens Garran

Dr. Charles Stevens Garran, 46, of Rochester, N. H., a practicing physician in that community for the past twenty years, died suddenly last Saturday evening at his summer home in Milton, N. H., following a coronary attack. He was the son of Rev. and Mrs. Charles E. Garran of this town, and well known to many because of his frequent visits to Amesbury.

The funeral service is being held this afternoon at 2 o'clock from the First Congregational Church in Rochester following which interment will take place in that community.

Dr. Garran was born in Malden, attended the schools of that community and graduated from Boston University. He was later graduated from Kirksville College of Osteopathy and Surgery, Kirksville, Missouri and came to Rochester, N. H., to establish his practice shortly after.

He was recognized as one of the leading members of the medical profession in his particularly specialized field, and his practice not alone embraced residents of Rochester but extended to all sections of the state.

He was past-president of the New Hampshire Osteopathy Society, and a member of both the New England and American Osteopathy Associations. He belonged to all of the Masonic bodies of the York Rites and was also a member of Bektash Temple, Mystic Order of the Shrine.

He was active in numerous civic affairs in Rochester and enjoyed a wide circle of friends, all of whom were grieved to learn of his sudden passing.

He leaves his wife, Margaret (Foster) Garran, a daughter, Judith, 16, who is a senior at Spaulding High School in Rochester, and a son, David, 11. He also leaves his parents, Rev. and Mrs. Charles E. Garran of this town, a sister, Mrs. Richard L. Waterhouse of Dedham, and a brother, Wesley, of North Truro. Three nephews and several cousins also survive.

Invitation Received To Football Jamboree

To Be Held In Manning Bowl, Lynn, On September 18th

Although the local high school football team has enjoyed top ranking position in the Northeastern Conference for the past two years, it has never been invited to participate in the famous Manning Bowl football jamboree, staged each year in September at Lynn, until yesterday. And the invitation, received in the form of a telegram from William "Bull" Joyce, founder and director of the Jamboree, by Coach Tony Tassinari, mentor of the local football team, came apparently as an after-thought.

The wire received by Tassinari read, "Would like to have your team take part in Jamboree in Manning Bowl Sept. 18. Regret I did not invite you at an earlier date. I assure you it was an oversight. I will keep place open until I hear from you. Hope you will make point of visiting this Jamboree, preparing as well as taking part."

Tassinari, who made public the receipt of the invitation late yesterday morning, stated that he was referring the invitation to the school committee without recommendation.

Frederic C. English, superintendent of schools, contacted yesterday afternoon, acknowledged that notice of the invitation to participate in the Jamboree had been received by him. He said that he proposed first to refer the matter to the Athletic Council, and following the action of that body, bring it to the attention of the school committee at its next scheduled meeting on Tuesday evening, September 1st.

Carleton D. Stillings, recently named high school principal, was conferring with Sup't. English yesterday afternoon, took a rather dim view of the invitation and Jamboree games in particular. He stated that the selling of the Headmasters' Association, football practice would not start until September 9th, the day that sessions are resumed after the summer recess. "At best, the boys on the squad will have not more than six practice sessions, allowing a couple of days for passing out equipment, and pinning up the squad, and this does not seem to me sufficient time to condition the boys." He added that Jamboree contests at best proved nothing, and he felt the possible injuries that might result from the lack of conditioning made the acceptance of the invitation a subject that should be given considerable thought.

English expressed similar sentiments, which led observers to believe that the invitation would undoubtedly be rejected. Some weeks ago invitations were extended to fourteen schools to participate in the Jamboree in Manning Bowl at Amesbury, giving substance to the rumor that several high school coaches are not looking with any degree of favor on the Jamboree program this year.

Under the plan of the Jamboree, teams invited are paired up and engage in fifteen minute contests. High schools invited initially to attend the Jamboree this year were Lynn English, Lynn Classical, Salem, Peabody, Revere, Lawrence, Beverly, Wakefield, St. Mary's of Lynn, Saugus, Haverhill, Gloucester, Newburyport and Winthrop.

HAMPTON BEACH CARNIVAL WILL OPEN ON THURSDAY

And Continue Through Wednesday, September 2nd, With Special Program Friday To Conclude With Carnival Ball

A gigantic display of fireworks, night shows to compete for the most spectacular shown at Hampton Beach this year, will be the evening of September 2nd, the beach beginning at 9:30 o'clock, will herald the opening of Carnival Week, scheduled to start on Thursday, August 27th, and continue through Wednesday, September 2nd.

Seven full days of fun and frolic are guaranteed by the Chamber of Commerce of Hampton Beach to the thousands of people from all over New England who annually each year make a point of visiting this popular resort during Carnival Week.

For the opening night of the Carnival Week program, the committee in charge has arranged as the feature, the selection of Miss Hampton Beach for 1953. This event, always competitive and sometimes controversial, rates as one of the high points of the program of the week. Already dozens of young ladies who have visited Hampton Beach during the vacation months, have filed applications for this contest, and the selection of the winner on Tuesday night promises to be attended by one of the largest crowds ever to witness such an event.

On Friday evening the program will be featured by the Carnival parade and the coronation ceremonies. Over 30 floats, representing the various organizations and businesses on the beach, have been entered in the parade, which will also include in the line of march literary characters, replicas of comic strip personnel, and plenty of floats.

Directly following the close of the parade, the coronation ceremonies will take place on the bandstand in front of the Casino. Following the crowning of the queen with appropriate ceremony, she will reveal her escort, who in turn will be crowned "king."

Saturday, the 29th will be dedicated to the children of the beach. A children's parade, featuring that spectacular Warren Indian Band of Barrington, R. I., will be the first event on the program. Following the parade the kids will be treated to free ice cream and then invited to witness a special children's program on the band stand.

The outdoor motorboat race scheduled for the 30th will present a challenge to the skill and daring of the pilots of this type of craft. Normally operated on relatively calm inland bodies of water, these little boats can provide many thrills and sometimes spills for the operator, who is not accustomed to the antics of the Atlantic Ocean.

Many of the leading contestants of other years, have already registered for the swim meet. This event will take place on the 31st at 11 a.m. the 800-yard 11:30 a.m. and the feature 3-mile Boar's Head swim at 1 p.m. The winners of the respective races will be presented with suitable trophies during the evening concert period. At 7 p.m. the contest for Number One position in the Talent Show Finals will bring out the winners of the eight previous Monday

A public rummage sale sponsored by the Franco-American Veterans Auxiliary is to be held on Friday and Saturday of the week in a vacant store on street, next to Goulin's Shop.

For the past several months the committee of the Auxiliary has been preparing for this sale and excellent collection of used garments for every member of the family has been assembled for the sale. The public is cordially invited to attend.

FUNERAL SERVICE
Mrs. Leonie Cyr

The funeral service of Leonie Cyr of Cedar Court died in a Boston Hospital on Monday, was held yesterday afternoon at 2 o'clock from the Central Funeral Home, 100 Elm Street, following which a large mass of requiem was read in Sacred Heart Church. Rev. Rene Joyal, pastor of the church, officiated. The service was assisted by Rev. Art Bergeron, senior curate, and Rev. Charles Moisan, 1st sub-deacon.

The service was attended by many relatives and friends. The deceased and the floral were particularly beautiful. The bearers were Raymond Grogan, Thomas Grogan, 3rd, Hout, Alfred Lapointe, Albert and Adele Lavalley. Father Joyal offered the final prayers at the interment in St. Joseph's cemetery.

The reason so many people stick to the truth is that's policy would eliminate a conversation.
